Hi Berkeley Career Services Team,

I love Berkeley, I sometimes wish I went to Berkeley as an undergraduate instead of [Redacted College]. One of my favorite legal Interns, [Redacted Grad] came from Berkeley. My respect has been eroded by recent actions of some of your law students.

In the last year, on at least two occasions, Berkeley Law students have accepted intern positions at [Redacted Org] and then continued to interview elsewhere and eventually recant. Each time it is heartbreaking for me. I put a lot of effort into our internship program. If you could please talk with your students about how these actions reflect on Berkeley it would be helpful. I would much rather have a student be honest that they are still looking at other options. In the recent [Redacted Org] Board meeting I relayed that yet another intern has formally accepted and recanted. They asked me what school the intern came from and told me to focus on interns from other schools.

Regards,
[Redacted Attorney]
