**Subject: Discharge Permit Application – Produced Water Treatment Facility
GreenBack Shaeffer Ranch Facility
Garfield County, Colorado
CGRS No. 11727aa**

Dear Sir or Madam:

Please find the attached Wastewater Discharge application for the above referenced site. Please note that we are requesting a General Permit and not an Individual Permit.

As the waste streams will include liquid petroleum and brackish water we obtained untreated produced water samples that were analyzed for a variety of inorganic and organic compounds. Analytical data are presented as an attachment to the permit application. Permission has been granted by the land owner to discharge to a surface water drainage and a letter granting access by Mr. Harold Shaeffer is provided as an attachment to the permit application.

If you have any questions regarding our application submittal, please contact Mr. Paul Sorensen or me at 970-493-7780.

Sincerely,
CGRS, Inc.,

Joby L. Adams, P.G.
Its Vice President
