**ASIL –University of San Francisco School of Law  
International Law Career Panel and Speed Mentoring Event**

**Tuesday, January 14, 2014, 5:30-8:00 p.m.**

Faculty Lounge, 2130 Fulton Street, San Francisco, CA 94117

The American Society of International Law (ASIL), in co-sponsorship with its Academic Partner University of San Francisco School of Law, will host a unique forum that will expose law students and new legal professionals to experienced international practitioners. The event will begin with a brief introduction of the panelists and several questions presented by **Elizabeth Andersen**, ASIL's Executive Director, designed to provide insight into professional development opportunities, as well as to illustrate the various avenues the panelists took into international legal practice. Following the group discussion, each panelist will "host" a table where a small group of students can spend 10-12 minutes asking more personal, directed questions of the participants. Students will then be able to rotate to a new table, gaining the chance to learn about several different avenues of international employment. The 90-minute speed mentoring event will be followed by a networking reception from 7:00 to 8:00 p.m.

Participating Panelists include:

- **Elizabeth Andersen**, ASIL Executive Director, former ED, ABA Central European and Eurasian Law Initiative
- **James C. Chapman**, Partner, Bingham McCutchen LLP
- **Ansel Halliburton**, Associate, ComputerLaw Group LLP
- **Tiffany Hsu**, Associate, Bingham McCutchen LLP
- **Benjamin Jones**, Associate, Jones Day LLP
- **Beth van Schaack**, Senior Advisor, Office of Global Criminal Justice, U.S. Department of State; Visiting Scholar, Center for International Security & Cooperation
- And more speakers to be added ...

ASIL Members and students of ASIL Academic Partners\*: Free  
Non-ASIL Members: \$15.00

\* Students of ASIL Academic Partner institutions, such as the University of California Berkley School of Law, must use their school e-mail address when registering.
