

## LEGAL TEMPORARY AGENCIES

The Career Development Office is happy to provide this list of agencies providing temporary legal staffing services for Berkeley Law alumni who are between permanent positions or seeking flexible employment. This is not intended to be a comprehensive list. Agencies are ordered alphabetically rather than by any ranking system. All of these agencies place attorneys for temporary position with bay area employers and some are national in scope. Many of these agencies also provide permanent placement services.

Please note that listing here does not constitute any form of endorsement of any of these companies or their services. Please exercise due diligence in contacting any of these agencies, particularly with respect to terms and conditions for circulating your resume.

Please contact Robert White, Director of Alumni Services, for advice about contract work, working with placement agencies or other aspects of your career search. Robert can be reached at [rwhite@law.berkeley.edu](mailto:rwhite@law.berkeley.edu).
