BCLBE will be showcasing Oliver Stone's award-winning film **Wall Street**, starring Charlie Sheen and Michael Douglas. Credited with embodying the frenzied, fast-paced nature of Wall Street in the 1980s, and inspiring a variety of trends at the time, the film chronicles a young stockbroker's speedy rise to prominence and the drastic consequences it has for him. **Wall Street** presents a timeless and easy-to-understand examination of the complex relationship between insider trading and government oversight in business, as well as calls the audience to question whether or not greed can be a force for good. Join us for a movie night exploring the high-stakes nature of Wall Street and it's professionals.
