**What Do Business Lawyers Do:
Practitioners' Views**

Join us for an opportunity to hear from, and ask questions of, some of the Bay Area's most experienced business lawyers about what they and their colleagues in the broadly defined "business practice" field do. How has law firm practice evolved and what is the role of an associate? Explore ways you can take advantage of the opportunities law firm practice can offer to Berkeley Law students who are interested in business law (or who don't know enough about it to know whether or not it is something of interest).

Speakers to include:

Noel Nellis, Orrick, Herrington & Sutcliffe
Clayton Gantz, Manatt, Phelps & Phillips

**Thursday, March 8, 2012
Boalt Hall, Room 110 12:45-1:45 pm**

Lunch will be provided
