A Conversation With

Bruce Lymburn

General Counsel and Secretary
Clif Bar & Company

[Bruce Lymburn](#) serves as general counsel, secretary and director for Clif Bar & Company, where he is extensively involved in the legal and business affairs of the company. With our own Prof. [Richard Buxbaum](#), he developed a corporate governance structure and articles of incorporation that allowed Clif Bar & Company to pursue multiple aspirational “bottom lines” (business, community, environment, etc.). Lymburn will draw from his personal experiences to provide an in-house perspective on the operating and legal challenges faced by a successful and fast-growing business with multiple goals.

For many years, Bruce has also been a mediator and arbitrator on the Alameda County Alternative Dispute Resolution Panel.

Bruce received his B.A. from the UC Santa Cruz and his J.D. from the UC Berkeley School of Law.
