WE BELIEVE THAT A BERKELEY LAW DEGREE IS A TOOL FOR CHANGE, BOTH LOCALLY AND GLOBALLY, AND THAT WE MUST IDENTIFY AND EDUCATE THE LEADERS OF TOMORROW.

Our mission as a public law school is important to us. We have a responsibility to use our substantial intellectual capital to help solve real-world problems and to create a more just society through clinics, research, and policy—whether that’s with IP or business law, or through public interest work.

We believe in access. We have a financial aid program that is robust and broad, from scholarships and summer fellowships to loan forgiveness for graduates who pursue public interest careers. We want students to worry more about how they’re going to change the world, and less about how they’re going to pay for it.

We’re looking for the kind of people you’ll want to spend the next three years of your life around—engaged, driven, curious, and collegial classmates who will inspire you to do better. Diverse, independent thinkers who might challenge your view of the world. Students who are centered, not self-centered.

Words alone won’t convince you to consider Berkeley Law. But if this sounds like the kind of place where you might thrive, reach out and pay us a visit in beautiful Berkeley. We’ll show you what we’re all about—and maybe figure out if we can do great things together.
CURRICULUM

Berkeley Law offers a rock-solid foundation, whether you’re aiming for corporate litigation, public interest law, criminal prosecution, international law, or any of a dozen other fields. But the foundation is just the base. You can build anything on it.

**PROFESSIONAL SKILLS COMPETITIONS**
The student-run Board of Advocates oversees Berkeley Law’s skills competitions. Our teams enjoy tremendous success, winning at regional and national events and consistently out-performing other top law schools. More than 60 students participate annually in competitions in three main areas: Alternative Dispute Resolution, Trial Advocacy, and Appellate Advocacy. They receive extensive coaching from professors, alumni litigators, and fellow students. The Board also emphasizes advocacy training through internal moot court, negotiations, and business law competitions. Students can try out beginning in their first year.

**Student-Initiated Legal Services Projects**
Some schools have a pro bono requirement. Berkeley Law has a pro bono culture. Case in point: our 22 Student-Initiated Legal Services Projects that let you gain client experience beginning with your first year.

Student project leaders identify a legal need, recruit supervising attorneys, and enlist classmates to bring services to underserved communities. Run by upperclassmen and staffed mainly by first-year students, these initiatives confront issues such as human trafficking, veterans’ rights, refugee assistance, and juvenile justice. Time spent working on these projects may also be used to meet the minimum 25 hours required for summer fellowships.
Berkeley Law students edit and publish 13 law journals. Two of them, Ecology Law Quarterly and the Berkeley Technology Law Journal, were the first—and are still the best—of their kind. Our journals allow students to hone their minds and build their skills by editing papers written by leading scholars and practitioners. Ranging from the venerable California Law Review, launched in 1912, to the exclusively online Berkeley Journal of Entertainment and Sports Law, the publications track the evolving interests of our students—and encourage innovative scholars to chart the legal territory ahead. All journals except the California Law Review are open to first-year students.

APPLYING

THE JURIS DOCTOR (J.D.) PROGRAM

FIRST-YEAR APPLICANTS
The application for each fall term is available online via the LSAC website (www.lsac.org) from September 1 – February 1. As we employ a rolling review process, you are strongly encouraged to submit a completed application as early as possible, ideally before mid-December.

ADVANCED STANDING APPLICANTS
The application period for advanced standing (transfer and special status students) is April 1 - June 15 and is available online via the LSAC website.

TRANSFER STUDENTS
Transfer students come from law schools across the country and make a substantial and welcome contribution to the Berkeley Law community. Applicants are considered for the fall term only.

SPECIAL-STATUS STUDENTS
The law school admits a few special-status students who study here for a year but receive their law degrees from their schools of origin. Special-status admission is available to approximately five students who have completed two years of high-quality work at another law school and have demonstrated a compelling need to spend their third year at Berkeley Law.

CONCURRENT DEGREES
An applicant interested in earning concurrent degrees must gain separate admission to Berkeley Law (using the J.D. application) and the other participating Berkeley school or department. The latter is accomplished by filing a separate application with the Berkeley Graduate Division.

EXAMPLE: J.D./M.P.P. AT GOLDMAN, J.D./M.B.A. AT HAAS

COMBINED DEGREES
An applicant interested in earning combined degrees must gain separate admission to Berkeley Law and the other participating school.

EXAMPLE: J.D./M.P.P. AT HARVARD KENNEDY SCHOOL

ADVANCED LAW DEGREE PROGRAM
Admissions information for the Master of Laws (LL.M.) and the Doctor of the Science of Law (J.S.D.) programs is available on our website.

JURISPRUDENCE AND SOCIAL POLICY PROGRAM
Although it is a part of the law school’s academic program, the Jurisprudence and Social Policy (JSP) Program is a separate graduate program with its own admission criteria and procedures. Admissions information is available online.
