Ground Rules for Participating
By registering to participate, employers agree to the following:
No Pre-Screening: No Advance Copies of Transcripts
   Students submit bids for employer interviews, which are assigned by computer lottery (subject to students’ preferences and availability). Employers are not permitted to prescreen candidates. Students’ resumes will be available online approximately 3-5 days in advance of the interviews. However, transcripts or any other application materials are not made available prior to the interview. Nor do we permit employers to request that students provide them in advance. Students are, however, instructed to bring transcripts, writing samples, lists of references, and extra copies of their resume to their on-campus interviews.
Non-Discrimination
By registering to participate, employers agree not to unlawfully discriminate in the selection of employees on the basis of national origin, race, religion, sex, sexual orientation, disability, age or any other basis that would be unlawful if engaged in by the University of California.
Ground Rules for Participating (continued)

NALP Principals and Standards
By registering to participate, all employers agree to fully adhere to the National Association for Law Placement (NALP) Principles and Standards for the Timing of Offers and Decisions (http://www.nalp.org/fulltextofnalpprinciplesandstandards#Part_V._General_Standards), even if the employer is not a NALP member.

Public Interest/Public Sector Students Holding One Offer Open Until April 1st
By registering to participate, employers agree to allow students to hold open – until April 1st – one offer received through our on-campus interview programs prior to December 15 in order to pursue public interest and public sector opportunities. Students must notify the employer in writing prior to December 15 and affirm that the employer’s offer is the only offer that the student is holding.

Scheduling and School/Office Coordination for firms outside California
• School coordination is defined as employers interviewing on consecutive days at Berkeley/UCLA/USC/Hastings. This process enables the interviewer to save the expense of multiple trips to California. School coordination will ONLY be considered for those offices located outside of California.
• For those situations where coordination is not possible, we will make every effort to accommodate your date request while avoiding conflicts with your interview dates at other California schools.
• We may not be able to provide both nationwide office coordination for a particular employer (inter-office coordination) and school coordination (Berkeley/UCLA/USC/Hastings). We ask that you indicate your preference for either inter-office coordination or school coordination.
