

# Fall 2016 Curriculum Rollout Environmental & Energy Law

Tuesday, April 19, 2016 | 12:45-2:00pm

Room 130 | Lunch will be served

Join the environmental and energy law faculty and staff for a discussion of the courses and research planned for Fall 2016, including:

- An overview of each environmental and energy law course offered in the fall
- Details on clinical, field placement, and policy research opportunities
- Information on the environmental and energy law certificate programs

Come with your questions about course planning and other curricular, research, and professional development opportunities!
