

18-19 COAAR Preliminary Process

Screenshots are required for steps 1-2. Please paste on a word document.

- 1. Proof of current student loan balance.** You can view your current balance on CalCentral. Go to My Finances -> View Awards and see "Total Calculated Debt" figure under the Cost of Attendance area. This should show total previous federal direct loans and current. If you find a discrepancy, please go to www.nslids.ed.gov instead. *This step is not required if you do not have loan debt.*
- 2. Proof of repayment plan calculations.** Utilizing your loan balance from step 1, estimate your total loan balance upon graduating from Berkeley Law. Take this balance, and plug it into the repayment plan calculator at www.studentloans.gov.
- 3. A statement.** Based on your calculations from step 3, explain how you calculated your total loan balance used in the repayment plan calculator, which repayment plan you anticipate using after graduation and why.
- 4. Only required for 3L students interested in LRAP.** *Confirmation that LRAP appointment has been scheduled. If you are planning on utilizing Berkeley's LRAP program to aid in your loan repayment, please note, that in your 3L year you will be required to meet with an LRAP counselor. If you are a 3L and have not met with an LRAP counselor, please schedule an LRAP Counseling Session. You can schedule an appointment [here](#).*
