6:30-7:30pm  Closing Reception

A note on our process: Most of our speakers will spend a full day together on Monday, May 13
preparing for the May 14 conference. On May 14, speakers will be asked to keep their presentations
very brief, allowing for round-table type workshops and plenaries, with plenty of participation from
attendees. On May 15, our speakers will spend the morning together working on synthesizing what
we learned, from each other and from the May 14 attendees, and discussing next steps in confronting
the problem of sexual harassment and gender violence.
