

**Re: [Document Released to Requester] Humboldt County public records request #20-356**

To whom it may concern,

The county has located records that are responsive to your request, and you can inspect them by logging in to your NextRequest account.

Humboldt County Probation has placed an informal moratorium on the collection of all juvenile debt pre-dating SB-190 due to covid-19, and is taking no active collection action at this time. Also worth noting is that juvenile debts are set up to be invoiced as an aggregate balance and so it was possible for us to split out the types of debt and dollar amounts of those debt types, however it was not possible given the time frame and current staffing levels to separate out accounts which may only contain victim restitution or restitution fine accounts, neither of which were eliminated by SB-190. Because of this, the case count/total accounts figure may contain accounts that would remain even after a discharge of accountability.

This concludes research on your request and it will now be closed. If you have any questions or concerns, please contact me by responding to this email or calling the number below.
