NOTE: This year, fees collected will, in part, be used to help defray additional expenses associated with developing a remote alternative to in-person interviews. They will also, as in prior years, help contribute toward the fixed costs of planning and executing the Program, which involves 4,000 plus interviews and 500 plus students and employers.

**Public Interest/Public Sector (Government) Employers**

Public interest employers and government agencies are not charged any fees.
**Ground Rules for Participating**

By registering to participate, employers agree to the following:

*No Pre-Screening and No Advance Copies of Transcripts*

Students submit bids for employer interviews, which are assigned by computer lottery (subject to students’ preferences and availability). Employers are not permitted to prescreen candidates. Students’ resumes will be available online at least 3 days in advance of the interviews. However, transcripts or any other application materials are not made available prior to the interview. Nor do we permit employers to request that students provide them in advance. However, they will be provided on the day of your scheduled interviews.
