Announcing Fenwick’s Practice Group Spotlight Series

Learn about Fenwick and our practices through a series of trainings that explore the associate experience. Our first programs focus on **Intellectual Property, Executive Compensation & Employee Benefits, Tax** and **Capital Markets**. Our attorney presenters will take you through a typical matter, clients of interest, what associate life looks like in today’s virtual world, and more. The sessions will answer practical questions: How long does a typical matter take from beginning to end? What type of work do associates typically perform? What skills are essential for success?

Please keep a look out for upcoming trainings in **Litigation, Mergers & Acquisitions, and Start-Up & Venture Capital**, as well as opportunities to attend our Education Series on **Race, Diversity & Justice**.
