

Baker Botts/AT&T 1L IP Diversity Fellowship Program

A global law firm with a distinguished heritage, Baker Botts is a leader in the field of Intellectual Property law. We seek exceptional law students who possess technical degrees or backgrounds to join us and contribute to the continued growth and success of our firm. With over 200 lawyers — who together hold 240 technical degrees — Baker Botts' Intellectual Property legal team offers the strength and depth needed to provide sophisticated advice and counseling on a truly international scale.

The Baker Botts/AT&T 1L IP Diversity Fellowship will be awarded to talented first-year law students interested in pursuing a long-term career in Intellectual Property Law. Our fellowship provides the opportunity to gain valuable experience in a large, global law firm and in the legal department of one of the top 10 companies on the Fortune 500. The IP Diversity Fellows will participate in the firm's 2021 Summer Program in our Dallas office, spending time both at the firm and with AT&T. During this time, the IP Diversity Fellows will receive hands-on experience working directly on AT&T matters both in-house and with outside counsel providing a unique 360 degree view of legal services for AT&T. The IP Diversity Fellows will have the benefit of mentors both at the firm and with AT&T.

At Baker Botts, we are committed to the recruitment, retention and development of exceptional attorneys and law students. We recognize the value of diverse perspectives and the integral role they play in the continued growth and success of our firm. The Baker Botts/AT&T 1L IP Diversity Fellowship is one of our many diversity programs aimed at promoting diversity here at our firm and in the legal profession.
