The CDO is hosting a virtual speed networking event for students with small, midsize, and boutique law firms on **Wednesday, February 16, 2022**. Students can participate for one hour of the event, from **either 4pm-5pm or 5pm-6pm Pacific Time**. The event will utilize the Flo Recruit video chat platform.

This annual program is designed to highlight law firms with fewer than 75 attorneys and representing a wide range of practice areas, and connect them with students interested in learning more about small and mid-size firm practice and life. The event is structured virtual “speed networking,” in which students and attorneys complete rounds of timed 10-minute 1-on-1 and 1-on-2 conversations.

This will be a great opportunity for you to learn more about different practice areas and the benefits of working in a smaller legal setting. You will also have a chance to meet a group of skilled attorneys and improve your networking skills. Each student will meet attorneys from a variety of practice areas, firms, and geographic locations.

Please RSVP [here](mailto:https://example.com) by **Friday, February 11 at noon**. Sign ups are first come first served. We will maintain a waitlist if all slots are filled.

If you have any questions about the program, please contact CDO attorney-counselor Liz Klein at [eklein@law.berkeley.edu](mailto:eklein@law.berkeley.edu).
