

**Deriving Community Benefits from Climate Investments:  
Gathering Inspiration from California Place-Based Programs**

*December 7, 2023 | 9:30 – 11:30am PT, via Zoom*

**Summary:**

This forum will cover place-based climate change investment programs, which have structures, procedures, and outcome measures that can inform future development projects and make California's clean energy transition a catalyst for community benefits.

**Speakers:**

- Dr. Wilma Franco, Executive Director, Southeast Los Angeles (SELA) Collaborative
- Karen Gaffney, Director of Strategic Planning and Communications, North Coast Resource Partnership (NCRP)
- Kate Gordon, Visiting Scholar, UC Berkeley Haas School of Business and Former Senior Advisor to the U.S. Secretary of Energy
- Ann Rogan, Founder and CEO, Edge Collaborative, and Former Local Government Official in Stockton

**Agenda:**

- I. Welcome and Introductory Remarks
- II. Sharing Knowledge and Experience from Federal and State Perspectives
- III. Moderator Questions
- IV. Participant Q & A
- V. Closing
