

High School President's Day Law Day
In Conjunction with the Fourth and D.C. Circuits Regional Moot Court
Monday, February 17, 2025
E. Barrett Prettyman United States Courthouse, D.C.

Brief Description:

Each President's Day, the American College of Bankruptcy and the American Bankruptcy Institute host a Regional Moot Court for students attending law schools located in the Fourth and D.C. Circuits. This event brings together not only the law students and professors, but also many other professionals from the region. It will be a wonderful opportunity for high school students to learn a little bit about bankruptcy law and moot court, as well as to network with the law students and professionals attending the event.
